

Pre-Admission Risk Assessment

Young Person:

Age:

Sex:

Date of Admission:

A pre-admission risk assessment including the current control measures to deal with identified risk **MUST** be completed in all cases before each new child may be introduced to any of the Child First children's homes. This accords with National Minimum Standards for Children's Homes (NCS 5.7) and is the subject of compliance inspection under the Children's Homes Regulations (Schedule 6 [14]).

The responsibility for the content and accuracy of the information provided lies, as far as reasonably possible practical, with the admitting Social Worker, who is also reminded of their personal and professional responsibility under various legislation including the Health and Safety at Work act 1974, Management of Health and Safety at Work 1999 and under their local Health and Safety Policy.

NB: This form is designed to be completed electronically.

The notes column will expand automatically.

Wherever risk is indicated, control measures must be agreed and recorded in the last section of this form.

Level: 0 = Shows no sign of this risk

1= Rarely shows signs of this risk

2= Sometimes show signs of this risk

3= Regularly shows signs of this risk
